INTRODUCTION

A charter school is a public school of choice that is developed by a private, nonprofit, group using public funds to serve public school students in a given community. Charter schools are guided by a governing board and operate under a contract (or charter) with their sponsor which frees them from many of the regulations for traditional public schools. Under s.1002.33, F.S., the district school board, in which the charter school is located, is the sponsor or authorizer. District staff provides support and monitors compliance.

Charter schools may be started by an individual or group of parents, community leaders, teachers, businesses, municipalities, community colleges, or other legal entities organized under the laws of the state.

Charter schools are often designed to target specialized or underserved populations. A charter school may offer a specialized curriculum (such as arts, science or career education), focus on at-risk students, students with disabilities, drop-out prevention, or take an innovative approach to teaching or program design.

While largely free to innovate in program design and delivery, Florida charter schools operate under certain constraints. The charter school shall:

- ✓ Be nonsectarian in its policies, practices and operations.
- ✓ Not charge tuition or attending fees.
- ✓ Be accountable to its sponsor for its academic and financial performance.
- ✓ Comply with requirements pertaining to: the provision of services to students with disabilities; civil rights; and student health, safety and welfare.
- ✓ Comply with requirements governing public records and public meetings.
- ✓ Maintain all financial records that constitute its accounting system in accordance with current law.
- ✓ Annually conduct a financial audit.
- ✓ Fully participate in Florida's education accountability program.

Charter schools are financed in the same manner as traditional public schools. Charter schools receive a per student share of the state and federal funding as well as capital outlay funds to assist them with the operation of their facility. School districts may charge an administrative fee of up to 5% for up to and including 250 students or 2% for up to and including 250 students if the school is deemed High-Performing. Charter schools are accountable for turning in monthly financial reports, or quarterly financial reports if High-Performing, to their sponsor and an annual audit regarding all operations to both the school district and the State of Florida.

Charter schools are accountable to their sponsor. Charter schools must produce positive academic results and adhere to their charter contract. Failure to meet contractual obligations can result in non-renewal of the contract, immediate closure for life and safety issues or 90-day closure proceedings as defined within Florida Statute 1002.33. Charter schools are required to participate in required state exams. All other closure proceedings are governed by the contract and Florida Statute 1002.33.

^Consolidation of schools occurred

Charter schools are tuition-free public schools created through an application process and contractual agreement or "charter" between a non-profit school-based governing board and the Hillsborough County School Board. Since 1996, Florida charter schools have played a key role in increasing parental options in public education and providing innovative learning opportunities for students. The first charters in Hillsborough County began in 1997 with just 200 students.

During the 2019-20 school year, approximately 28,000 students were enrolled in 52 charter schools in the district. Currently, there are nearly 31,000 students enrolled in 52 charter schools. Many charter schools in Hillsborough County have innovative missions. Some charter schools include themed learning approaches focusing on areas such as arts, sciences, and technology. Other charter schools provide services to special populations; such as students at risk of academic failure or students with disabilities.

Schools of Hope

Section 1002.333, Florida Statues, authorizes high-impact charter school organizations to apply to the State Board of Education (SBE) and be recognized and designated as a Hope Operator. Hope Operators must be non-profit organizations with tax exempt status and operate three or more public charter schools that serve student grades K-12 in Florida or other states with a record of serving students from low-income families.

Section 1002.333(4), Florida Statutes, provides that a hope operator may submit a notice of intent to the school district in which a persistently low-performing school has been identified by the State Board of Education. Once received, the school district shall enter into a performance-based agreement with the Hope Operator.

The following Hope Operator and Schools of Hope have entered into performance-based agreements with Hillsborough County Public Schools to date.

Schools Deferring Opening

The following schools have approved applications but have elected to defer their opening as permitted by F.S. 1002.33(6)(b)5 which states, "a charter school may defer the opening of the school's operations for up to 3 years to provide time for adequate facility planning."

Should schools with an executed contract fail to open within the deferral timeframe, their contract will be terminated by the Hillsborough County School Board (HCSB).

Should approved schools with pending contracts fail to execute a contract within the deferral timeframe, their approved application will be surrendered.

A contract between the school and the HCSB is required prior to operation.

2019-2020 Schools Monitored for School Improvement

The following schools fell into charter school improvement requirements according to Section 1002.33(9)(n), Florida Statutes, during the **2019** state testing administration. The Charter Schools Office adhered to the requirements delineated in statute to govern the process for charter school improvement. Charter Schools presented their School Improvement Plans (SIP) to the Hillsborough County School Board on November 5, 2019. The Charter Schools Office provided schools with ongoing support throughout the 2019-2020 school year to monitor the SIP established by the school and encourage student success.

Due to the Covid-19 pandemic, all state required standardized testing was cancelled for the 2019-2020 school year. Therefore, the schools identified in D/F status in 2019-2020 remain in the same status for the 2020-2021 school year. These schools are expected to continue to implement their School Improvement Plans developed in 2019-2020.

Due to Covid-19 the same schools will continue to be monitored for student success in 2020-2021.

Support provided by district staff included or will include but is not limited to:

- Training and guidance in creation of the SIP
- SIP presentation guidance
- Site visit monitoring quarterly to review SIP progress
- Mid-year data analysis review
- State testing monitoring

School	2015-2016 Grade	2016-2017 Grade	2017-2018 Grade	2018-2019 Grade	2019-2020* Grade	Current Status
Excelsior Prep Charter School			NG	F	F*	Operating
Kid's Community College Southeast Middle School			C	D	D*	Operating
Village of Excellence Middle School	D	B	C	D	D*	Operating

*Due to Covid-19, no state assessments were given. Schools retained their school grade from the 18-19 school year. School improvement status remained and sanctions were waived. Schools are not required to present to the School Board.

2019-2020 Contract Renewals

Section 1002.33, Florida Statues, includes a provision for the renewal of a charter contract for those schools that have successfully completed their contract term. The district's process for contract renewal consideration includes the submission of a letter of intent to renew the contract, a comprehensive program review, an update of the charter application, and the development of a new contract. The following schools participated in the contract renewal cycle in 2019-2020.

School	Board Action	Action Date	Renewal Term
New Springs Schools	Renewed	April 28, 2020	5 years
RCMA Wimauma Academy and RCMA Leadership Academy	Renewal and school consolidation approved	June 9, 2020	*10 years

*Long term contract approved for facility financing as permitted by F.S. 1002.33(7)(a)12

School Closure

Section 1002.33(8), Florida Statutes, defines clear causes for nonrenewal or the termination of a charter. Academic accountability, fiscal mismanagement, and student health and safety violations are general causes for nonrenewal or termination.

A charter may also be terminated by a charter school's governing board through voluntary closure pursuant to Florida Statutes 1002.33(7)(e). To accept the voluntary surrender of a charter, Board action must be taken to terminate the contract held with the school. The following schools were terminated during 2019-2020.

Charter School	Board Action	Cause for Closure
Community Charter School of Excellence	Contract Terminated May 12, 2020	Voluntary school closure Surrender of charter
ICan Charter Academy	Contract Terminated December 10, 2019	Surrender of charter due to inability to open school
