CHARTER RENEWAL PROCESS

Introduction

The District School Board of Pasco County is committed to the sponsorship of charter schools that demonstrate academic success, fiscal accountability and sound governance. This document outlines the requirements for the charter renewal process. The completion of the charter renewal packet should provide clear and compelling evidence of the school's performance and success, based on credible information and data, to support its renewal. The charter school will be expected to provide both narrative responses and data that address student achievement, organizational viability and faithfulness of the school's program and operation to the term of its charter. The inclusion of the school's strengths, as well as its weaknesses, is essential.

The charter school will be required to respond to the following key questions:

- Is the charter school's academic program a success?
- Is the charter school fiscally accountable and responsible?
- Is the charter school a viable organization?
- Has the charter school been faithful to the terms of its charter?

A charter school renewal application shall contain:

- A. A report on the progress of the charter school in achieving the goals, objectives, and student performance standards on the assessments administered through the Florida student assessment program and other terms of the charter contract.
- B. A financial statement that discloses the costs of administration, instruction, and other spending categories for the charter school that is understandable to the general public and that will allow comparison of such costs to other schools.

In preparing the charter renewal responses and accompanying documentation, consideration should be given to the following:

- The renewal document will include narrative responses to questions about the school's performance <u>and</u> the school's future.
- All explanations should be clear and complete. A request for further clarification should not be necessary.
- Successful renewal documents should identify strengths as well as weaknesses.
